

21<sup>st</sup> July 2021

Asalamu Alaykum

Respected Parents and Guardians

**Re: Premier's 7-Days State-wide Lockdown effective last night from 6pm**

Further to the Premiers press conference yesterday please note the following:

The College will be **closed** on **Thursday 22nd to Tuesday 27th July 2021**, pending further directive from Government.

The College will be open tomorrow for Staff to prepare for Online Learning. We identified that we have a few families whose children may attend school under the category of **"essential workers/vulnerable students"**. As per the regulations only these students may attend school. The school hours will be from 9am - 3pm. Please note where one parent is **NOT** an essential worker that parent will be required to care for the children during this lockdown period.

Your child's classroom/subject teacher will contact you tomorrow through ClassDojo (R-2) and Google Classroom (Years 3-12) with regards to online learning.

I know that many parents found the last Lockdown quite stressful trying to support their children with their schoolwork. Hence, teachers will prepare lessons via power point (with voice over) to take care of the teaching aspect. You will only be required to monitor your child as they go through the work. Please ensure that this will be done as staff will be spending a lot of time preparing the work.

Further updates will be provided via email/text message as it comes to light from government and health authorities.

I thank you all for your continued support. We pray that Allah SWT protect our communities from the virus and calamities. In Sha Allah Ameen!

Jazak-Allah Khairun,

Dr Ahdielah Edries  
Principal  
Garden College
